Chris Wysong
Hemco Corporation
455 Douglas Ave
Holland, MI 49424

Dear Chris:

On behalf of the patients and patient families we serve throughout West Michigan...please accept our heartfelt thanks to **Hemco Corporation** for your generous support of the 2006 Grand Rapids Light The Night walk. *The event was a huge success raising over \$107,000 ...an increase from last year of \$25,445 !* This is incredible growth for the Grand Rapids walk. See the Light The Night walk comparison from 2005 to 2006 below:

	<u>2005</u>	<u>2006</u>
Teams & walker donations	\$ 52,309	\$ 65,543
Sponsorship	25,180	28,000
Balloon/coupon sales	4,829	5,200
Other	<u>0</u>	<u>9,020</u>
TOTAL	\$ 82,318	\$ 107,763

What is even more exciting, our expense to cost ratio is 13%; which means for every dollar donated...87 cents went directly to the mission! This is a testament to all those "In-kind donations" that do not show up in our expenses. So, a huge "Thanks" to all our **Grand Rapids** Corporate Sponsors and In-kind Sponsors, Light The Night Balloon partners, and Give a dollar, Get a dollar campaign partners! They are:

Airway Oxygen Inc
Art Van Furniture
**Cancer Treatment Centers of -
America**
Details! A Steelcase Co.
Great Lakes Bread Company
Hemco Corporation
Herman Miller
Kent Family Charitable Foundation
Kohl's Department Stores
Merrill Lynch

Metal Standard Corporation
Noodles & Company
Plasma-Tec
Premier Caulking, Inc
Saint Mary's Health Care
Spartan Stores
Spectrum Health
Sysco Foods
Center for Physical Rehabilitation
WOOD 1300 AM

The monies you donated will go to our many patient support programs, financial aid, advocacy...and that vital and important research. At this time, we have *seven research programs* in process at the University of Michigan. The Society is very proud of our research history (see attached research history). These research and patient programs benefit all our area patients...including our **2006 Grand Rapids Light The Night walk Honored Heroes...** Mark Troyer of Jenison and Tim VanVliet of Holland.

LEUKEMIA

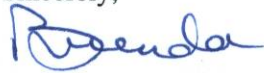

LYMPHOMA

MYELOMA

Did you know, that even though childhood leukemia has a survival rate of 80-85%; it is still the #1 disease killer of children under the age of 20? Also did you know...blood cancers combined represent the 2nd deadliest cancer in Michigan...second only to lung cancer? We have come a long way since the 1950's where blood cancers were considered 100% fatal. However, we still need to be relentless in our search for a cure on behalf of all those patients in our communities diagnosed with a blood cancer today and tomorrow!

Thank you again, for your continued support...together we will remain relentless for a cure.

Sincerely,

A handwritten signature in blue ink that reads "Brenda". The signature is fluid and cursive, with the first letter 'B' being particularly large and stylized.
